## **UNIFIED COMMUNICATIONS HOLDINGS LIMITED**

---

### **MEMORANDUM OF UNDERSTANDING WITH QINTUM TECHNOLOGIES INC**

---

On 18 June 2004, the Board of Directors of Unified Communications Holdings Limited (the "Company") had announced that its wholly-owned subsidiary, Unified Communications Sdn Bhd ("UCSB"), had signed a non-binding Memorandum of Understanding ("MOU") with Quintum Technologies, Inc. ("Quintum"), a company incorporated in the United States of America and a leading Voice over Internet Protocol ("VoIP") equipment manufacturer.

Under the terms of the MOU, Quintum will deploy UCSB's UniLink SS7 Gateway (which include Unified SS7 software, the related Application Program Interface and the relevant Intel Datakinetics SS7 products) as its OEM (Original Equipment Manufacturer) products and to bundle to its VoIP solution for sale to its distributors and customers.

However, in order to further enhance both parties' time-to-market, UCSB and Quintum have decided not to pursue the OEM arrangement and therefore not to extend the MOU. Instead, the Company and Quintum have formed a strategic alliance to tap on each other's capabilities to market and distribute their products. A separate press release on this arrangement will be issued.

Consequently, the Board of Directors of the Company wishes to announce that the MOU with Quintum has lapsed and ceased to be effective.
