NOTES TO THE INTERIM FINANCIAL REPORT

1. Basis of preparation

The unaudited interim financial report has been prepared in compliance with FRS 134 - "Interim Financial Reporting" and paragraph 9.22 of the Main Market Listing Requirements of Bursa Malaysia Securities Berhad ("Bursa Securities"). The unaudited interim financial report should be read in conjunction with the audited financial statements of the Group for the financial year ended 31 December 2010.

2. Significant accounting policies

The accounting policies and methods of computation adopted by the Group in this interim financial report are consistent with those adopted in the audited financial statements for the financial year ended 31 December 2010, except for the adoption of the following revised Financial Reporting Standards ("FRSs"), amendments/improvements to FRSs, IC Interpretations ("IC Int") and amendments to IC Int:

2. Significant accounting policies (Continued)

Except for the changes in accounting policies arising from the adoption of the revised FRS 3 and the amendments to FRS 127, as well as the new disclosures required under the Amendments to FRS 7, the Directors expect that the adoption of the other standards and interpretations above will have no material impact on the financial statements in the period of initial application. The nature of the impending changes in accounting policy on adoption of the revised FRS 3 and the amendments to FRS 127 are described as below.

Revised FRS 3 Business Combinations and Amendments to FRS 127 Consolidated and Separate Financial Statements.

The revised standards are effective for annual periods beginning on or after 1 July 2010. The revised FRS 3 introduces a number of changes in the accounting for business combinations occurring after 1 July 2010. These changes will impact the amount of goodwill recognised, the reported results in the period that an acquisition occurs, and future reported results. The Amendments to FRS 127 require that a change in the ownership interest of a subsidiary (without loss of control) is accounted for as an equity transaction. Therefore, such transactions will no longer give rise to goodwill, nor will they give rise to a gain or loss. Furthermore, the amended standard changes the accounting for losses incurred by the subsidiary as well as the loss of control of a subsidiary. Other consequential amendments have been made to FRS 107 Statement of Cash Flows, FRS 112 Income Taxes, FRS 121 The Effects of Changes in Foreign Exchange Rates, FRS 128 Investments in Associates and FRS 131 Interest in Joint Ventures. The changes from revised FRS 3 and Amendments to FRS 127 will affect future acquisitions or loss of control and transactions with non-controlling interests.

However, entities within the scope of MFRS 141 Agriculture and IC Interpretation 15 Agreements for the Construction of Real Estate will be allowed to defer adoption for an additional one year.

13. Changes in contingent liabilities

There were no changes in contingent liabilities since the last annual statements of financial position as at 31 December 2010.

14. Review of performance

For the year ended 31 December 2011, the Group's revenue of RM222.2 million was marginally higher by 0.18% from RM221.9 million in 2010. Despite the higher revenue, gross profit for the Group was lower by 3.8% at RM83.4 million in 2011 compared to RM86.7 million in 2010. There was also higher other operating income in the previous year at RM36.7 million compared to RM24.3 million in the current year under review arising mainly from higher write back of provisions in 2010 partly offset by gain on disposal of non-current assets classified as held for sale in 2011. The Group results this year was also affected by the lower contribution from associates compared to the contribution in the preceding year arising from the disposal of an associated company in 2011. However, the operating expenses in 2011 were lower by RM23.3 million from RM120.5 million in 2010 mainly due to provision made in 2010 for impairment loss on available for sale investments. The net impact of the above resulted in a higher Group profit before tax of RM9.2 million compared to the profit of RM7.4 million in the previous year.

Investment Holding

In the current year under review, the division recorded a gain on disposal of non-current assets classified as held for sale which was partly offset by the lower contribution from the associates arising from the disposal of an associated company. This resulted in the division posting a loss of RM916,000 compared to a loss of RM887,000 in the previous year.

Property Development

Despite the substantial drop in revenue of the Property Development division by RM5.4 million for the year ended 31 December 2011 compared to revenue in preceding year, the profit before tax of the division was RM691,000 in 2011 compared to RM736,000 in the previous year mainly attributable to the lower overheads in 2011.

Hotels & Resorts

The Hotels & Resorts division registered a higher revenue in 2011 of RM76.0 million as compared to RM74.5 million in 2010. However, the division's profit before tax is lower at RM6.1 million compared to a profit before tax of RM 9.7 million in 2010. The lower profit in 2011 compared to the preceding year 2010 was mainly due to the realisation of foreign exchange loss which was partly offset by the gain on disposal of non-current assets classified as held for sale this year coupled with the realisation of foreign exchange gain in the previous year.

Information & Communications Technology

The Information & Communications Technology division's revenue in the current year is lower by approximately RM9.1 million or 21% compared to the preceding year's revenue of RM43.1 million, mainly due to lower system sale contract revenue recorded by all business units (BUs) in all three regions (South East Asia, South Asia and Middle East-Africa). The lower revenue from system sales across all BUs was however partly mitigated by higher managed services revenue recorded by Value-added-Service sales (VAS) BU in South Asia. Profit before tax for the year declined disproportionately less compared to the revenue – falling by approximately 11% or RM0.7 million to RM5.9million, from PBT achieved in the preceding year of RM6.6million. This was due to lower other operating expenses incurred during the current year and an improvement in overall gross profit margin, as well as a fair value gain recorded on the division's investment property.

Coach Building

The Coach Building division's lower loss for the current year under review compared to the preceding year despite the lower revenue was mainly attributable to lower operating expenses of the division in the current year.

Travel & Tours

Travel & Tours division registered a higher revenue in 2011 compared to 2010. However, profit before tax in 2011 is comparable to the preceding year mainly due to the higher operating expenses in 2011.

Others

Other divisions registered a lower loss for the current year under review compared to the preceding year mainly due to the better performance of the Card and Payment division offset by the lower earnings from the manufacturing division.

15. Comparison of results with preceding quarter

The Group revenue of RM57.6 million for the current quarter ended 31 December 2011 was higher by 3.9% from the revenue in the previous quarter ended 30 September 2011 of RM55.5 million. With the improved Group revenue coupled with the higher gain on disposal of non-current assets classified as held for sale partly offset by the higher operating expenses in the current quarter, the Group recorded a higher profit before tax of RM3.2 million for this quarter compared to the previous quarter of RM1.5 million.

Investment Holding

Investment Holding division recorded a profit before tax of RM1.3 million in the current quarter compared to a loss of RM1.9 million in the preceding quarter mainly due to write back of provision in the current quarter.

Property Development

Property development division showed a better performance this quarter compared to the previous quarter with higher revenue mainly contributed by the newly launched project in Kuching during the quarter under review resulting in a profit of RM0.4 million compared to a loss of RM63,000 in the previous quarter.

Hotels & Resorts

Despite the higher revenue from the Hotels & Resorts Division of RM20.7 million for the current quarter under review compared to a revenue of RM18.9 million in the previous quarter, the profit contribution from the Hotels & Resorts division for the current quarter was lower by RM1.8 million from a profit of RM2.1 million in the previous quarter mainly due to realisation of foreign exchange loss partly offset by the gain on disposal of non-current assets classified as held for sale.

Information & Communications Technology

The Information & Communications Technology division registered higher revenue this quarter of RM8.6 million compared to RM8.0 million in the preceding quarter. The division's profit is higher at RM2.0 million in the current quarter compared to RM1.5 million profit in the preceding quarter mainly due to the flow-down effect of higher revenue and a fair value gain on the division's investment property. These factors had offset the impact on profit of higher operating expenses and the lower share of results from an associate recorded in the current quarter.

Coach Building

Contribution from the Coach Building division for the current quarter under review is comparable to the previous quarter.

Travel & Tours

Travel & Tours division made a loss of RM0.2 million for the current quarter under review compared to a profit of RM0.6 million in the previous quarter mainly due to lower revenue coupled with higher overhead expenses.

Others

For the current quarter under review, the other divisions made a loss of RM0.4 million compared to a profit of RM1.5 million in the previous quarter mainly due to reversal of intercompany charges in the preceding quarter.

16. Prospects

With the uncertainty in the global economic outlook, and the euro zone debt crisis coupled with the risk of lower growth for China and many economies, the Directors expect the Group's operating environment to remain challenging for the financial year ending 31 December 2012.

However, each business within the Group will continue to assess and execute their respective growth and development plans which may include geographical expansion, increasing distribution channels, and market and product development.

Performance from our Property Development division is expected to improve for 2012 in anticipation of new launches planned for the year.

Our Hotels & Resorts division is continuously expanding its operations and in this respect, the division is moving aggressively in securing hotel management and operating agreements. The Hotels & Resorts division expects to open more hotels in various countries this year.

The Information & Communications Technology division will continue to defend its existing businesses and to reestablish its growth path organically and by way of acquisition of and/or strategic investment in complementary businesses. The division is optimistic of extending its track record of profitable performance, but expect the year ahead to continue to be challenging due to factors such as intensified competition for many of the division's more matured products and technologies; recruitment and retention issues on talents to support growth; and changes in management, ownership and/or strategic emphasis of their existing and prospective customers.

The Coach Building division will continue to execute its business plans to grow the volume of its bus manufacturing business by focusing on increasing the chassis and body assembly contracts for both local and export markets.

The inbound travel and tours business may experience volatility in its overseas market, but the outbound travel and tours business is expected to enjoy strong demand from the domestic market.

17. Board of Directors' opinion on revenue or profit estimate, forecast, projection or internal targets

The Group did not previously announce or disclose any revenue or profit estimate, forecast, projection or internal targets in a public document.

18. Profit variance and shortfall in profit guarantee

Not Applicable.

19. Income tax expense

	3 months ended <u>31.12.2011</u> RM'000	Year to date ended <u>31.12.2011</u> RM'000
On current quarter/period results		
- Malaysian income tax	969	2,341
- Overseas taxation	(307)	(307)
Over provision in prior year	(41)	(75)
Transfer (to)/from deferred taxation	22	112
	643	2,071

The effective tax rate of the Group for the financial year under review is lower than the statutory tax rate. This is mainly due to certain expenses which were not deductible for taxation purposes and the non-availability of group relief where tax losses of certain subsidiary companies cannot be set off against the taxable income of other subsidiary companies.

20. Status of corporate proposals

(a) On 25 March 1996, the Company announced that it had accepted the offer from Perbadanan Kemajuan Negeri Kedah ("PKNK") to purchase from the Company 52,500,000 ordinary shares of RM1.00 each representing 70% equity interest in Kedah Marble Sdn Bhd ("KMSB") for a total cash consideration of RM59,797,500. (a) The Company had on 14 June 2004 instituted legal action against PKNK to recover its investment of RM52,500,000 in KMSB together with other sums, damages, interests and costs.

Following case management, PKNK made an application to the High Court for the determination of a point of law and/or preliminary issue pursuant to Order 14A and/or Order 33 Rule 2 of the Rules of the High Court, 1980. Specifically, the issue raised by PKNK was whether the suit was barred by limitation. On 13 January 2011, the High Court resolved the application in favour of PKNK and held that the action was barred by limitation pursuant to the Public Authorities Protection Act, 1948 or alternatively, the Limitation Act, 1953.

The Company's solicitors are of the view that the learned Judicial Commissioner erred in deciding that the Company's claim is time-barred and have appealed the decision of 13 January 2011 to the Court of Appeal of Malaysia vide Civil Appeal No. K-01-85-2011. The appeal is pending disposal and has not been fixed for hearing.
